Cable Management 1U 24-port

24 Cable Management Ports

Removable Front Cover

1U Rack Mount

24 FINGER SLOTS · REMOVABLE FRONT COVER · 1U RACK MOUNT

The **ISHCO** 1U horizontal cable manager keeps patch cords neat between patch panels and switches. **24 metal finger slots** with a removable front cover guide cables from the rack rails into each port, protecting bend radius and airflow.

Made entirely from cold-rolled steel with a black powder-coat finish, it fits any standard 19-inch rack or cabinet and pairs with 24-port patch panels for a clean, serviceable installation.

Features & Benefits

01

- ✓ 1U 19-inch horizontal cable management panel
- ✓ Removable snap-on front cover hides and retains cables
- ✓ Cable pass-through openings on the rear for routing
- ✓ Supports Cat5e / Cat6 / Cat6A patch cords and fibre jumpers
- ✓ Stackable with patch panels for high-density racks
- ✓ 24 rounded metal fingers – matches 24-port patch panels
- ✓ Rounded edges protect cable jackets and maintain bend radius
- ✓ All-steel construction, 1.2 mm SPCC, black powder coat
- ✓ Screw or cage-nut mounting on standard rack rails
- ✓ RoHS compliant
